Return/Refund Policy

Please ensure that you order the correct product, colour and quantity and/or, in the case of special made orders, that you provide correct instructions as to the size, measurements, material and colours to be used, as we do not give a refund if you simply changed your mind or gave incorrect instructions.

Should the goods be found to be defective within 6 (six) months after delivery to you, or should you find within 10 (ten) business days that the goods were wrongly described or different to the sample shown to you, you must inform us in writing and you may choose between a return, replacement or a refund.

Please note that once the goods have been installed, affixed and /or amended in any way, we will not accept a return unless the goods are defective.

We may charge a handling fee if the return is accepted by management.
